## **Bothwell offers a less invasive hysterectomy.**

Bothwell Regional Health Center is one of only 15 percent of hospitals in the nation that offer total laparoscopic hysterectomies. This new option in gynecological surgery gives women a safer, less invasive alternative. Total laparoscopic hysterectomy typically requires a shorter hospital stay and has a quicker recovery time so you're back to your normal activities sooner. Total laparoscopic hysterectomy is just another reason you should get to know more about our exceptional care.
